

the proof for the existence of God : NOT much proof does exist. why?
 one can not offer proof for the existence of God. why?
 because He does not like that way of belief in a certain thing.

YAMA(God knows all the things i have no clue of.)

1. God already knows what choice i will make before i make it.
2. God is easily able to remove the knowledge of a vital truth.
3. God is proving me wrong with respect to the belief “I” have in the_way_to_feel_good.
4. God is able to distract... it is scary how stupid & powerless i am.
5. God is aware of what is written in **here**.
6. God is aware of what disgusting sins I am desiring and I am capable of.
7. God laughs at me having the false belief “that_which_i_can_access is that which i can access!”.

doing the things i know to be wrong feels like freedom?
 what will i do? nourish anger with respect to God?
 is it always undesirable to do a false perception of His goodness?
 words that i get to use are significant; how pure my love is is judged with respect to what words i choose to use.

that_which_i_do_NOT_want_to_know_of_my_own_self	that_which_i_do_want_to_think_of_my_own_self
the way i exist is hurtfull to all beings. i am worthy of all hate.	i am free from all shame, worthy of all love as i am.
no matter what i do; it is shamefull, it is wrong, it is full of defects.	no matter what i do; it is wonderfull, it is right, it is perfect.
i am boring. i do not think i deserve torment. i am under this delusion that i deserve to feel great things.	i know how to feel good. i allways have fun in Reality because i deserve to feel good.
that which is not worth knowing is not not-known to me.	that which is worth knowing is not not-known to me.
i am ungratefull and am angry at the very beings who grace me.	i do not require grace of any being.
though incapable of fixing my own problems, i proceed to hurt innocent beings.	capable as i am of doing things that no being in Creation can.
i am useless. i am disgusting. cowardly that i am.	i am awesome. i am usefull. i am <i>extremely</i> cool. fearless as i am.
my attention is worth nothing in this Creation.	nothing in Creation is worthy of my attention.
i am simply the most uninteresting being in the entire Creation.	i am more special than any being in the entire Creation; just so you know.

INVITING_GOD_THE_LORD

- not yet exposed in an-excruciatingly-shamefully-laughing-way?
- the answer to “do i not deserve to feel good in the way i want?” is NO?
- here; take a look at what my-special-self has a belief in.
 - ✓ [I can laugh at the ways of God! scary Lord is not-really here.]

 - {that_which_has_been_done_by_me}
 - {that_which_is_known_to_me}
 - {that_which_i_shamelessly_desire}
 - {that_which_can_be_done_by_me & that_which_can_NOT_be_done_by_me}
 - {that_which_i_am}
 - {that_which_is_NOT_known_to_me}
 - {that_which_i_pitiably_do_NOT_desire}
 - {that_which_can_be_done_by_the_Lord & that_which_can_NOT_be_done_by_the_Lord}
 - ✓ [God can never feel like throwing up, upon seeing me as i am.]
 - ✓ [God is not aware of the problems-environment i am in.]
 - ✓ [it-is-none-other-than-the-one-and-only-me who is the doer that has created all of *this*.]
- realizing how i thoroughly destroyed wonderfully-desirable-experiences coming my way with my own hands?
- still want to think my self clever?
